5. **Resident Carolyn Lyster – Discuss North Hill Rd. and Reservoir Rd.:** Carolyn Lyster expressed her concern for the increasing number of bikers, walkers and runners using North Hill Road because of the excessive speeding occurring along the road. She asked if an S curve sign could be placed at the top of the hill before her house to alert people of the sharp turns in the road. She also asked about using a radar sign on the road. She feels the worst speeding occurs during the morning hours. She also told the Selectboard some of the road signs are missing. She was glad to see the barriers were placed along Reservoir Road last winter and would like to see a stop sign at each end of the road. The Selectboard thought stop signs on Reservoir Road would be a good idea. Jacques will order signs.
6. **Listers Report:** Scott Dunn presented a draft of a Request for Proposal (RFP) for the upcoming town wide reappraisal which will be completed by 2020. He asked the Selectboard to review it and let him know if they had any suggestions or changes. The draft RFP was based on samples from four other towns. The pro's and con's of requesting bonding was discussed. Scott reported the Listers will be talking with other towns who have recently completed reappraisals to get suggestions/tips from them to ensure a smooth process. This will be on the September agenda for further comments on the RFP.

There was a motion by Jacques and second by Anne to reimburse Eric to cover the cost of \$137 for his health insurance. The motion passed unanimously.

A. Discuss Floor Replacement Quotes: Yves presented a quote from Sticks & Stuff in the amount of \$8,589.56 for 3-1/4" prefinished maple flooring, pine mopboards, floor leveler, plywood underlayment and nails. feels the cost to install the flooring will be \$8,000 to \$10,000. The Selectboard had a lengthy discussion about this being over the amount approved at Town Meeting.
