Tom stated he has investigated how to make an amendment to the bylaw and he is planning to get 5% of the voters to sign a petition and then will present the bylaw amendment to the Planning Commission. Pat Sagui stated she liked the idea and recommended if the Amendment were to move forward it should occur sooner than later. Tom said this fix was to make everyone's life easier. Pat said the Planning Commission meets next week and will move the amendment forward. Everyone was in agreement that Tom could stand at the Recycling Center on Saturday to collect voter signatures on the petition. The Selectboard asked Tom about also including an amendment for the setback from the center of the road. This will be investigated further.

A. ATV Permit and Draft Ordinance: A lengthy discussion ensued about the specifics to be put in an ordinance and about the pros and cons of issuing a town permit. Pat Sagui brought up good points about the language in the draft ordinance which included:

2. She had a concern for wildlife that travel in the evening at dusk.
3. She had a concern for safety at dusk – as it is riskier and harder to see.
4. Vote was very close – as a friendly reminder to the Selectboard.

The Selectboard had a discussion about all town roads designated for ATV use and stated they would agree to all town maintained roads which would only include class 1, class 2, and class 3 roads in order to minimize damage to class 4 roads/legal trails which the Town does not maintain.
