RE: Grave Digging Price list

Dear LaDonna,

This is to confirm that we will be digging the full burials in the Westfield Cemeteries, and that Jesse Hammond will be doing the cremation burials. This is our 2025 Grave Digging Price List.

- **Grave digging services in Westfield Cemeteries**
- \$700 full burial service
- \$100 extra fee for Saturdays for any burials
- \$100 per hour late burial fee for any graves at **2pm** or later; any day of the week
- NO burials on holidays, Sundays or holiday weekends
- ***Any burials before May 1st or after October 31st will be done at our discretion; call us to confirm order & pricing.**
- ****We request that the grave site be marked out for full burials 2-3 days prior to the burial service.**
*****The funeral home will pay us directly.**

*We understand that some cemeteries raise their prices above what we charge for digging graves to cover other cemetery expenses. **We strongly recommend that you contact Ron Britch at the funeral home to confirm your cemetery's burial prices if they are different from our prices. We will not be responsible for any price confusion between the funeral homes and cemeteries.***

Please let us know if you have any questions. We look forward to working with you.

Sincerely,

Lori & Scott Bianchi
