RE: Grave Digging Price list

Dear LaDonna,

We wanted to provide you with the 2026 Price List. These prices are in effect starting January 1, 2026.

- **Grave digging services in Westfield cemeteries**
- \$400 for urn burial
- \$450 for large/ double urn burial
- \$825 for full burial
- \$100 extra fee for Saturdays for any burials
- \$100 per hour late burial fee for any graves at **2pm** or later; any day of the week
- NO burials on holidays, Sundays or holiday weekends such as Memorial Day May 22, 23, 24, 25; Independence Day July 3, 4, 5, 6; Labor Day Sept. 4, 5, 6, 7
- **\*Any burials before May 1<sup>st</sup> or after October 31<sup>st</sup> will be done at our discretion; call us to confirm order & pricing.**  
\*\*\*We request that the grave site be marked out for full or cremation burials 2-3 days prior to the burial service.  
**\*\*\*Please let us know if we will bill the town after the burial service is done, or if the funeral home will pay us directly.**
- **Gray granite Corner posts; cemetery prices**  
\$ 300

**\*We request that the grave plot(s) be marked out prior to installation of the corner posts.**

**\*It is our understanding that we will bill the cemetery after the corner posts are installed.**

**We understand that some cemeteries raise their prices above what we charge for digging graves to cover other cemetery expenses. We strongly recommend that you contact Ron Britch at the funeral home to confirm your cemetery's burial prices if they are different from our prices. We will not be responsible for any price confusion between the funeral homes and cemeteries. The cemetery will have to pay us any price difference.**

Please let us know if you have any questions. We look forward to working with you again this season.

Sincerely,

  
Lori & Scott Bianchi
